

VOLOCITY 6 TRAINING 15-16TH MAY 2012 NCBES LIBRARY ROOM 10 AM

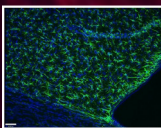

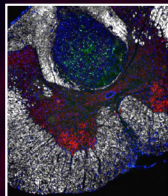

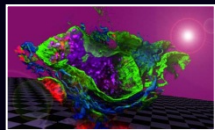

Training provided by Perkin Elmer

Bring images you have taken or would like to do analysis on such as z stacks.

Kick-off starts with a description of the software functions and how to get the most out of velocity for your project.

Meeting will then be broken down into smaller groups that will give you the opportunity to run through your own data.

Second day will involve troubleshooting hardware and software issues relating to Velocity.
